

Dear Colleague

Thank you for accepting the Smile Design Referral Pack. I hope that we can forge strong professional relationships between our practices.

With this in mind I would like to outline the Smile Design Guarantee for all of our referral dentists and the patients that you refer.

It is important to us that you are informed of your patients' progress as they go through their treatment. This is vital as it could impact treatment that you may be carrying out simultaneously.

Once the patient has been seen for the first time and an appointment schedule has been set out this will be made available to you.

If you would like to attend any of the appointments with your patients you will be more than welcome. This can be arranged through our administration team.

We will guarantee that every patient will be referred back to their perspective dentists once treatment has been completed.

We look forward to working with you.

Kind regards
